Dear friends and colleagues

It is my absolute pleasure as President of Bristol Law Society to once again invite you to attend our Annual Awards Dinner. This event, which is now in its eighth year, provides us all with an excellent opportunity to celebrate the very best of the legal profession working in and around Bristol and Bath.

Like so many of you, I came to Bristol to study and stayed more than 20 years ago and it's no mystery to me why this is a common story. Not only is Bristol recognised regularly for being a truly great place to live but it is also a great place to work, especially for lawyers. The thousands of lawyers, barristers, legal executives, secretaries and support staff who work in the legal sector in Bristol and Bath are afforded a fantastic and hard to find balance of excellent quality work matched with a fantastic, vibrant, thriving wealth of opportunities for when home time calls.

I'm extremely proud to be part of this great city and prouder still to be able to represent such a phenomenally diverse and talented group of professionals. Despite the challenges faced by the profession which seek to erode the very basis of our society by depriving those most in need from access to justice we stand tall and strive to redress this through community projects, pro bono work and through legal excellence which we aim to celebrate at this event. This event which of course wouldn't be possible without our sponsors nor without your support. I wish to thank our sponsors and strategic partners who support not only this event but Bristol Law Society generally. UWE are lead sponsor again this year at an exciting time for them having moved into their new, purpose built Law and Business School in April. I also want to thank our members and all of you who attend the dinner year on year who have helped make us the society that we are today and helped make this event such a success!

Finally, I would ask you to support my chosen charity of the year, the Spinal Injuries Association (SIA). This charity is personal to me and, like most, relies entirely on donations to be able to carry out their excellent work supporting spinal injured people around the country from peer support systems to trained expert nurses supporting care in general hospitals which are ill equipped to cope with spinal injured patients. My brother made a split second decision which resulted in permanent paralysis at the age of 20. This can happen to any of us. Please dig deep!

I look forward to welcoming you to this year's awards dinner

Thank you

Yours sincerely
